

GRAPHIC PROCESS AUTOMATION

All-Over Print Pallet was designed for the 5090 Formula.

The design allows for a Pallet in each station.

Sizes up to 2X can be printed edge to edge.

Other smaller machines can utilize these Pallets but may have to Double Index. Every other station. Or we also offer a similar Pallet for Girls and Youth Sizes, that fit every station on smaller format machines. For example 28" stroke machines

Squeegees and Flood Bars are available...
